# Touch Football Rewards

Every online payment gets you closer

## Registration and Payments

Touch Football Australia, in conjunction with Sporting Pulse, encourages all nAffiliates to offer their members the ability to pay their fees online. Adopting this technology will not only provide your affiliate with better quality member data, but also save volunteer Administrators significant time during the registration period.

In addition, we have launched our **Touch Football Rewards Program** whereby every member that pays online gets their affiliate one step closer to great rewards!
